

# **The mission/vision of English Adult ministry**

- **Spreading the Gospel to unbelievers**
  - **Helping believers grow as Christians**
  - **Fellowshipping with believers**
- 

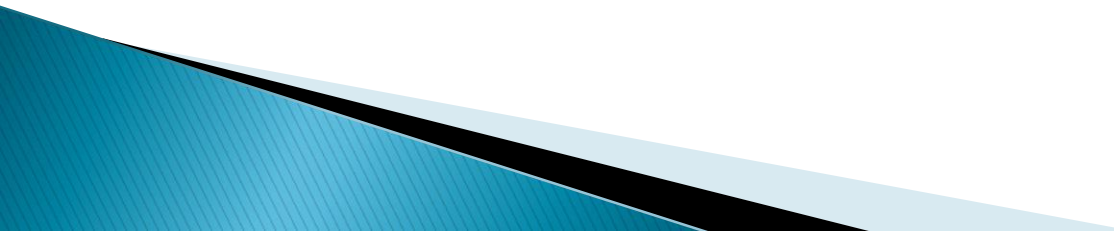

# **The strength of English adult ministry**

- **Even though our core English group is small, we have a desire to know the Word and to grow together. We have a fairly tight-knit community that cares for one another.**
  - **People are willing to share honestly during Bible study.**
  - **Sunday school helps give us the key to understanding the Bible.**
  - **Our WhatsApp group allows for good communication and daily devotions.**
  - **The college summer fellowship was well organized by Auntie Liway, Uncle Peter, Gary, and Brigitte.**
- 

## **The challenges of English adult ministry**

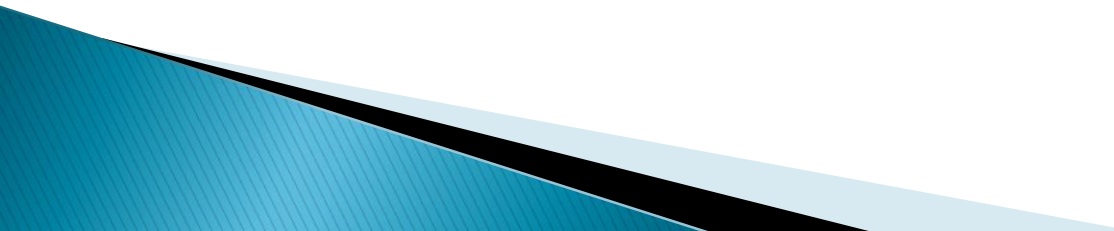

- **Our core English group is small, and many of us also serve in other congregations/ministries at the church.**
  - **There is low attendance for the Wednesday prayer meetings, and we don't have many opportunities to pray for one another.**
  - **We lack a pastor or spiritual leader who can teach us, answer our questions, and increase our biblical literacy. This may also be one of the reasons college kids don't return.**
- 

# **2025 vision for English adult ministry**

- **There would be more young people, a good speaker, and fellowship.**
  - **Every person who steps into the church knows s/he is loved, cared for, and being prayed for.**
  - **There is strong bonding.**
  - **We all feel like we belong to a family, and we also have a sense of responsibility to this family to contribute/participate.**
  - **There is mutual pastoring, where we read the Bible together and share together (since we don't have an official pastor yet).**
  - **The church has a program in place to train and equip those who would like to serve on Sunday mornings.**
- 

## **2025 main goal for English adult ministry**

**For 2025, our goal is to establish more bonding and connection among our English group, specifically through prayer and sharing. We hope that we will be more open with one another and foster trust among each other.**
